2. Please tell us how much you are applying for (GBP) and the percentage of the workshop costs you can afford to fund for yourself.

Do you have an income? If yes what is your income? What is your disposable income after essential living costs such as housing, utilities and food have been paid for?

Do you have savings or investments? If yes, please explain why you are not using them to fund this work.

3. Please tell us any reasons why we might not want to give you funding.

4. Is there any other information you think may be helpful to your application?

5. Agreement to provide feedback

Successful applicants to the sponsorship fund will be asked to give feedback on their experience of the workshop they have attended or in case of teachers/facilitators, a workshop they were holding. This could be in the form of an article about the work/event/offering or a document of their experience through art/poetry/song/video or other creative project. Images and photographs as well as compelling stories are particularly needed

We would like successful applicants to share their experience with the MM community, either via the monthly MM Newsletter, The MM website or on the MM-facebook group, so that the MM community and the sponsorship donors can see how their donations have been used and the impact the sponsorship has had.

Anonymity can be maintained if this is preferred.

Before an award can be made, you will be asked to sign an agreement to provide feedback in a format of your choosing. Please make a statement in your application about how you think you will provide feedback.

Many thanks for taking the time to fill this in.

We will contact you as soon as we can with a decision.

With love and respect from the Trustees of the Movement Medicine Sponsorship Fund.
